

# My Inner Fire

*Lyrics and melody by Franciska  
Idea and music by Simon Wedege*

I believe in freedom, I believe in fire  
I believe that love can lift us higher  
I believe in me, I believe in abundance  
I believe that dreams can really come true  
I follow my soul it's beautiful  
I believe in me, believe in abundance

Believe my inner strength and it's setting me free  
I know I got the answer to make my life complete  
I believe in me, I believe in abundance  
I'm cleaning up my life I'm cleaning up my heart  
Erase the crazy shit that made me fall apart  
I believe in me, I believe in abundance

**I believe my inner fire  
I lift myself so much higher  
If we listen we know the way  
I believe my inner fire  
I lift myself so much higher  
And I don't give a damn  
'Cause I know who I am  
And I - I'm burning down this old ship**

Reachin out a hand so you can follow me  
Listen to my words and make your life complete  
Believe in me - Believe in abundance  
Every new day, there's a new chance  
to follow your dreams, it's all in your hands  
Believe in me - Believe in abundance
